The course is designed to present for participants:

- Novel Approaches for Cardiovascular Disease Assessment & Prevention
- Update on Hypertension and Cardiorenal Syndrome
- Update on Diabetic Heart Failure
- Updates on Dyslipidemia and Treatment of Dyslipidemia
- Review of Novel Approaches for Early Cardiovascular Disease Prevention
- Update on Novel Approach for treatment of Dyslipidemia: PCSK9 Inhibitors
- Update on Hypertension and Cardiorenal Syndrome
- Update on Treatment Modalities for Ischemic Heart Disease in Women
- Update on the use of Imaging Modalities for the Diagnosis and Management of CV Disease
- Update on Diabetes: Heart Disease and Heart Failure

20 Renowned Professors of Cardiology will be the host Faculty for this Congress to discuss incorporation of these new developments into clinical practice. In addition to lectures, there will be case presentations to encourage discussion and audience participation.

The final take-home message from this Symposium is:
Early detection for Optimal Prevention.

Location: Hyatt Regency, Sarasota, FL
